Dear Mr. Hollingshead:

Your construction permit application dated November 8, 2016 for the sandblasting and painting of trucks was received on November 9, 2016. A determination has been made that the application is incomplete because the required application filing/processing fee was not included.

The responsible official for an air contaminant source is required by paragraph 1200-03-26-.02(5) of the Tennessee Air Pollution Control regulations to pay a construction permit application filing/processing fee. Based on the information provided in your applications, the fee for your submittal is five hundred dollars (\$500). Please pay your fee by check payable to the Tennessee Division of Air Pollution Control and send to the following:

Tennessee Department of Environment and Conservation
Division of Air Pollution Control

The fee and a copy of this letter must be submitted within sixty (60) days of receipt of this letter so that the Division can process your application. If additional deficiencies are later identified, you will be able to correct them within the remainder of the one hundred and eighty (180) day-period that begins on the date you received this letter, as provided in 1200-03-26-.02(4)(d).

It is the express intent of the Tennessee Air Pollution Control Board that the one hundred eighty (180) day permit application correction period is not to be construed by an applicant as permission to construct or modify a source without the permit required by Division Rules. If you fail to submit a complete application within this 180-day time period, all construction permits shall be denied and any fees forfeited.

If you have any questions concerning this correspondence, please contact Mrs. Sarosh Kaiser at 615-532-0585 or at Sarosh.kaiser@tn.gov.

Sincerely,

John Fuss, Section Manager
West Tennessee Permit Program
